

Chief, Intelligence Information Staff

26 April 1957

Chief, Shipbuilding Branch

25X1X1

[REDACTED] Requirements - Brief No. 112.

REF : St/I Office Notice No. 111, 21 March 1957.

1. In accordance with referenced memorandum the following requirements for the Water Journey GOMEL-KHERSON, Brief No. 112, are submitted:

<u>Coordinates</u>	<u>Item, Description and Location</u>	<u>Requirements</u>
50°28'35"N 30°30'18"E	Kiev, Leninskaya Kuznitsa Shipyard, one of the most important river shipyards in the Soviet Union. Approx. 2½ miles NNE of main railway station, on a back water of the Dnepr River.	Observe type and main characteristics of vessels under construction. Any evidence of expansion? Photography highly desirable.
50°28'35"N 30°31'35"E	Kiev, Stalin Shipyard, located 3¼ miles NNE of main railway station, on a back water of the Dnepr River.	Observe number, type, and dimension of construction facilities such as building ways, shops, cranes, etc. Any evidence of expansion? Report type and main characteristics of vessels under construction or repair. Photography desirable.
46°36'25"N 32°35'40"E	Kherson, new shipyard, an important shipyard specializing in construction of tankers. Located 1 mile south of Kherson on the west bank of the Dnepr River (Karantinyy Island).	Observe type and main characteristics of vessels under construction. Any evidence of expansion? Photography highly desirable.
